U.S. News & World Report 2022 Rankings

Surmounting the opportunity gap.

- Our typical student is 1 or 2 levels below grade level when they enter CRNYHS having come from under-resourced middle schools in Upper Manhattan and the Bronx.
- Almost all of our students live in homes where the head of household's highest educational achievement is a high school diploma or less.
- Our students' average household income is \$30,000.

With our educators' expertise and whole-person care, our partners' and donors' support, and the students' drive and agency, our students grow enormously from the day they start at CRNYHS – defying the statistics and outpacing their socio-economic peers.

Moving the needle on college readiness.

- Nationwide with guardians whose highest level of education is a high school diploma
- Enrolled in NYC DOE schools
- Enrolled in CRNYHS

Note: These are 2022 numbers, I need 2021 for comparison.

*2021 is the most recent year for which comprehensive data is available.
